National
Information
Bureau

REPORT OBJECTIVE STATEMENT:

Confirm international relations and policy maintenance to support Abzimi way of life and citizen protections.

Priority #1: Expand gemstone and precious minerals mining operations

- Advancement of technologies to unlock new levels of safety, efficiency, and productivity for mining operations
- Vigilant monitoring of mining reserves and new geological surveys to quantify our enduring mineral riches to include offshore surveys of the Verdant Sea
- Restrict exports to create scarcity for foreign markets and uphold domestic sufficiency.

Priority #2: Maintaining Abzimuth as an international stakeholder without cultural infiltration.

- Zealous safeguarding of mining interests from foreign exploitation. Abzimuth's resources belong to its tribes.
 - See also: NIB files on Mercado, NIB files on Trantum or speak to Director Farush
- Strict immigration controls and limits on outside cultural influence to preserve the Abzimi heart and spirit.
